Roberts was over sixty years old while Keyes was about thirty and admitted to drink.

TERRIBLE TRAGEDY. Samuel Nussbaum, an old citizen of Cape Girardeau county, Mo., cut his wife's throat early yesterday morning, then cut his own. Domestic trouble is said to be the cause. Nussbaum will die while the wife may recover.

TERRIBLE ACCIDENT. Chicago, Aug. 6.—This morning, while six masons were on the scaffolding of the dome of the new music hall, corner of Randolph and State streets, sixty feet above the ground, the entire scaffold, without a premonitory crack, fell through the floor to the ground floor, where a five hundred pound iron plate that was being placed in the dome broke through the heavy timbers and crushed into the cellar.

Four of the workmen went down with the frail timbers and were terribly injured. Two brothers named John and Edwin Smolke, caught on projections in the wall and escaped comparatively without injury. Of those who fell, Christ. Taft, foreman, was badly crushed by a beam which was found in his head; Aranz Miller had a leg badly shattered and was insensible; John Schultz had a thigh shattered and was otherwise hurt, and Otto Hornum was terribly injured in the abdomen.

Failure of Leading Crops in Germany and Parts of Russia.

THE CROPS ABROAD. WHEAT IN GERMANY.

New York, Aug. 6.—The Evening Post has a private letter from a gentleman in eastern Germany who says, "there has been no summer, but rain nearly every day. The thermometer in my room ranges from 69° to 75°. In some places harvesting has begun; but unless we have some warm, dry, weather soon, much of the grain must rot in the fields. On our way recently to and from the mountains by different routes I observed that at least half of the wheat was lying flat and tangled together in the fields, beaten down by rain storms. All will be difficult to cut and much must rot before it can be secured, adding to this immense amount of grain and other food crops destroyed by the inundations last month, and it looks as if America would be called upon to feed Germany as well as England and France next winter.

BAD OUTLOOK IN RUSSIA. The accounts from Russia are also not very encouraging. Of rye the crop will be below the average. In Podolia and Volynia the yield of rye will be very slight. In the government of Pultawa, noted for its usually large yield of rye, the prospect is a little better, although the harvest will not equal that of a fairly good year. The outlook for wheat is slightly better in some of the governments, but in Kiev there are some fields that will scarcely repay the labor of harvesting. In short the entire yield of breadstuffs will fall considerably below that of last year.

THE TURF. The Brighton cup race was won by Isomyon, Pulse Cray 2nd, and Durmhead third.

Mont was the only other horse that started. The betting just before the race was 10 to 1 on Isomyon. He won easily.

FRANCE. THE HONORS TO THIERS. Paris, Aug. 6.—It is understood that the German government offered no impediment to the Metz inhabitants attending the fetes at Nancy on the occasion of the unveiling of the Thiers statue.

The French government, to avoid the semblance of fomenting agitation on the frontier, will not be represented at the Belfast demonstration in honor of Thiers.

CINCINNATI, O., Aug. 6.—The Times special says Charles Bullett, livery stable keeper at Middletown, Ohio, shot and killed his wife at 11 o'clock this morning, and immediately afterwards placed a revolver to his own head and fired, dying instantly. Bullett was a drunkard. His wife had petitioned for a divorce, which angered him and caused the tragedy.

COLD-BLOODED MURDER.

St. Louis, Aug. 6.—Dr. James L. Roberts, a highly respected citizen of Melville, Ray county, Mo., while sitting in the store of Geo. D. Cravens, Monday evening, was accosted by Da. J. L. Keyes who charged him with talking about his (Keyes's) family. Roberts denied the charge, whereupon Keyes called him a liar, drew a revolver, shot him twice through the body killing him, then mounted a horse and escaped. Roberts was over sixty years old while Keyes was about thirty and addicted to drink.

TERRIBLE TRAGEDY.

Samuel Nusbaum, an old citizen of Cape Girardeau county, Mo., cut his wife's throat early yesterday morning, then cut his own. Domestic trouble is said to be the cause. Nusbaum will die while the wife may recover.

TERRIBLE ACCIDENT.

Chicago, Aug. 6.—This morning, while six masons were on the scaffolding of the dome of the new music hall, corner of Randolph and State streets, sixty feet above the ground, the entire scaffold, without a premonitory crack, fell through the floors to the ground floor, where a five hundred pound iron plate that was being placed in the dome broke through the heavy timbers and crushed into the cellar.

Four of the workmen went down with the fall timber and were terribly injured. Two brothers named John and Edwin Smolke, caught on projections in the wall and escaped comparatively without injury. Of those who fell, Christ. Taft, foreman, was badly crushed by a beam which was found in his head; Arant Miller had a leg badly shattered and was insensible; John Schultz had a thigh shattered and was otherwise hurt; and Otto Hornum was terribly injured in the abdomen.

TWO BROTHERS MURDERED.

San Francisco, Aug. 6.—A Tucson dispatch gives further advice concerning the recent murder of the Shellock brothers in the Santa Rita Mountains. The murderers were renegade Apaches, a half dozen in number. They fired on the party from an ambush, the brothers falling at the first fire. Mr. Chauts horse bolted and saved him. The troops from camp Aueraca are on the trail.

Failure of Leading Crops in Germany and Parts of Russia.

THE CROPS ABROAD.

WHEAT IN GERMANY.

New York, Aug. 6.—The Evening Post has a private letter from a gentleman in eastern Germany who says, "There has been no summer, but rain nearly every day. The thermometer in my room ranges from 69° to 75°. In some places harvesting has begun; but unless we have some warm, dry, weather soon, much of the grain must rot in the fields. On our way recently to and from the mountains by different routes I observed that at least half of the wheat was lying flat and tangled together in the fields, beaten down by rain storms. All will be difficult to cut and much must rot before it can be secured, adding to this immense amount of grain and other food crops destroyed by the inundations last month, and it looks as if America would be called upon to feed Germany as well as England and France next winter.

RAD OUTLOOK IN RUSSIA.

The accounts from Russia are also not very encouraging. Of rye the crop will be below the average. In Podolia and Volynia the yield of rye will be very slight. In the governments of Pultava, noted for its usually large yield of rye, the prospect is a little better, although the harvest will not equal that of a fairly good year. The outlook for wheat is slightly better in some of the governments, but in Kiev there are some fields that will scarcely repay the labor of harvesting. In short the entire yield of breadstuffs will fall considerably below that of last year.

TURKEY.

SUSPENDED.

GREAT BRITAIN.

FOOLISH HOME RULES.

Dublin, Aug. 6.—The Home Rule feud daily becomes more irreconcilable.

THE BORD MAYOR'S ANNUAL FEED.
London, Aug. 6.—Beaconsfield and other high officers of the government, attend the lord mayor's banquet to-night.

THE TURK.

The Brighton cup race was won by Isomy, Palse Cray 2nd, and Durnhead third.

Mont was the only other horse that started. The betting just before the race was 10 to 1 on Isomy. He won easily.

FRANCE.

THE HONORS TO THIERS.

Paris, Aug. 6.—It is understood that the German government will not impede the visit of the Metz inhabitants attending the fetes at Nancy on the occasion of the unveiling of the Thiers statue.

The French government, to avoid the semblance of fomenting agitation on the frontier, will not be represented at the Belfast demonstration in honor of Thiers.

SPAIN.

THE INFANTA'S INTERMENT.

Madrid, Aug. 6.—The infant, Marie Del Pilar, will be interred in the pantheon of Escorial Meppen.

and Verify this Assertion.

SENATOR McDONALD and Secretary

THOMPSON would make a lively

gubernatorial race in Indiana.

THE Evansville Courier thinks it is

amongst the possibilities that Senator

McDONALD may be the next democ-

ratic nominee for governor of In-

diana.

THE irrepressible BEN BUTLER is

stirring up the politicians of Massa-

chusetts again. BEN is determined

to be governor, and has begun active

operations this year earlier than

usual. He is going to be a very hard

man to defeat, too.

SROUGHER, late minister to Russia,

says that the duties of that position

would not absorb one week's time out

of a year. He thinks it about the

same at all the other foreign missions.

It is evident that, in these days of

cables, telegraphs and newspapers, the

diplomatic service is a costly humbug.

It affords a number of desirable sine-

cures for politicians, but it is of no

practical use or benefit. Its utter use-

lessness and large cost being generally

conceded, congress could not do a

wiser or more popular thing than to

wipe it out altogether.

THE bonds shortly to be issued by

the city, both for water works and

funding purposes, ought to be nego-

tiated at a lower rate of interest than

six percent. First-class municipal

securities all over the country drawing

five percent interest are being readily

sold at and sometimes above par. The

city of Detroit, which, like Fort

Wayne, has a democratic government

and enjoys a good credit, has just

sold \$200,000 of four percent bonds at a

premium. In view of these facts, it

can hardly be necessary for Fort

Wayne to pay six percent.

THE ELECTION.

THE SENTINEL congratulates the

people of this city upon the result of

the election yesterday. It congratu-

lates those who voted for water works,

because of their good sense and en-

lightened public spirit. It congratu-

lates those who voted against water

works, because they are to be ben-

eighth and ninth wards, and hoped to

carry the first and fourth wards.

The people of the city served notice

yesterday upon the old fogies and Rip

Van Winkles that they have stood

in the way of Fort Wayne's progress

long enough; that they must get out

of the road and allow men of enter-

prise and public spirit to come to the

front—in a word, that Fort Wayne is

going forward from this time on.

The main question is settled. We

are to have water works, and the

council should lose no time in arrang-

ing the preliminaries. Very happily

the board of trustees—HENRY MON-

NING, CHAS. McCULLOUGH and CHRIS-

TIAN BOSKER—are men in whom the

people have confidence. They have

large interests here, their homes are

here, and they expect to live and die

here. Their integrity cannot be ques-

tioned. They will feel it a matter of

personal pride to build the works as

well and as cheaply as possible. Their

names will always be associated with

the improvement, and they cannot af-

ford to do anything or allow anything

to be done which could bring discredit

upon them. They may safely be

trusted to build the works for the city

as well as any three men in Fort

Wayne.

We have no doubt that these gentle-

men will not find it all smooth sailing.

There will be plenty of men desirous of

grinding an ax or making a few thou-

sand dollars who, finding they cannot

use the trustees, will abuse them. There

will be others desirous of manag-

ing the whole enterprise and dictat-

ing to the trustees. They will find it

necessary to thwart private individuals

for the public good, and in return will

be abused and charged with jobbery

and corruption. The task be-

fore them is not an easy one, but we

feel assured that they will prove equal

to it. Let them seek only to subserve

the public good, disregard the clamor

and abuse of disappointed individuals,

act according to the dictates of their

own judgments and they will earn the

gratitude and respect, not only of all

the people now living in the city, but

of future generations as well.

Tight Place—Etc., Etc., Etc.

La Salle, Ill., Aug. 5.—Samuel

Hurst accidentally fell into lock 15

last evening, and was drowned.

Asheville, N. C., Aug. 5.—John

Henry Wild knocked his mother down

and was standing over her with an ax

drawn when his brother Joseph shot

him dead.

Des Moines, Iowa, Aug. 5.—A man

has been arrested at Vail who is sup-

posed to be Bickering, who murdered

Teets, at Lettsville, July 8th. He

answers the full description and pho-

tographs.

The partner of C. H. Browning,

preacher, temperance reform lecturer

and cattle thief, has "squealed" on

him and told the whole story of steal-

ing fifty-nine fat cattle from Reeler's

farm and taking them to the Chicago

and Rock Island stock yards at Galena

for shipment.

New York, Aug. 5.—Chas. G. Fish-

er, at one time assistant district attor-

ney at Washington, was found guilty

to-day of obtaining money under false

pretenses. Fisher, according to the

charge, gave a forged check in pay-

ment of a hotel bill, receiving the dif-

ference in cash.

Aurora, Ill., Aug. 5.—Thirteen pri-

soners escaped from the city jail last

night, by sawing through an inch

flooring a hole a foot square and crawl-

ing through to the ground. Creeping

along to the south wall to a large ven-

tilation hole and crawling through

this they were free.

Cincinnati, Aug. 5.—Bud Prather,

printer, eloped yesterday with the

wife of Geo. Tyson, with whom he

boarded, and her sister, Miss Vincent,

while Tyson was at work. All the

family effects were disposed of and

Prather with the two women depart-

ed for parts unknown.

Jersey City, Aug. 5.—Patrick Mc

Clutney, a wealthy and well-known

manufacturer of Newark, was killed

last night by a train on the Pennsylv-

ania Railroad. He was passing from

one car to another, when the train

started and he fell on the track. The

wheels passed over his neck, severing

his head almost entirely from his body,

and cutting his left hand off.

New York, Aug. 5.—Col. Barrett,

who has just arrived from Cuba, says

he was seized without a warrant on the

streets of Matanzas, subjected without

a hearing to an abominable imprison-

ment, confined with malefactors, taken

out into a wood apparently to be shot,

and finally released by the secretary of

the captain-general with the important

advice that, being an American, the

best thing for him would be to get

home as quickly as possible.

Troy, N. Y., Aug. 5.—At the corner

of Madison and Fourth streets, this

evening, Patrick, Cornelius and Mi-

chael Dwyer, brothers, were assaulted

by William Thomas, Lawrence and

Michael Myers, also brothers, and two

men named Stapleton and Connors.

Patrick Dwyer was stabbed seven

times. His brothers were also stabbed,

and Cornelius had his nose bitten off.

Officer Manion attempted to arrest

Wm. Myers and was knocked down

with a stone. The fight was the result

of an old feud.

New York, Aug. 5.—Francisco

Rodriguez Sufabria, a Cuban, and

Englishman. The latter denied this,

and, after assigning his position on the

spot and being paid off, Senn reiterated

his charge, when Englishman gave

him the fee, and the double tragedy

followed.

Chicago, Aug. 5.—The Times says

a sensation was created at government

headquarters here by Silas M. Pat-

terson, son of ex-Senator John Pat-

terson, of South Carolina, who arrived

some weeks ago on his return from

California, put up in grand style at

the Palmer House, and introduced

himself at the custom house with per-

sonal letters from John Sherman,

Chas. Devens, S. J. Randall, D. M.

Patrick Dwyer was stabbed seven times. His brothers were also stabbed, and Cornelius had his nose bitten off. Officer Kean attempted to arrest Wm. Myers and was knocked down with a stone. The fight was the result of an old feud.

New York, Aug. 5.—Francisco Rodriguez Sababria, a Cuban, and Yans Benceo Velevagu, a Brazilian merchant, were arrested here, charged with manufacturing Brazilian notes. The police also arrested to-day Lopez Paul, J. P. Donivan and John Moriarty. Lopez acted as interpreter for the counterfeiters. Donivan was a sort of go-between, and Moriarty did the printing of the notes. A quantity of peculiar paper, used for the purpose, and the plates, stones, etc., were by the counterfeiters, were captured by the police.

Chicago, Aug. 5.—It transpires that the prominent attorney at whose investigation Judge Drummond approved the straw bonds in the last match bond fraud case, was Leonard Sweet. Sweet brought the men to Judge Drummond's office, and the latter was about to depart for home, and asked him to approve the bond. When questioned as to the sufficiency of the sureties Sweet introduced Baxter as a man who knew all about them. Baxter was sworn, the bond was approved and the conspirators drew the stamps, which they turned into money. The amount was \$33,850. The prominence and ability of Sweet as a criminal lawyer adds interest to the case, and a profound sensation is predicted upon the publication of the facts.

Bloomington, Ill., Aug. 5.—The city is wild over the atrocious murder of Baroa Goodfellow last night at 9 o'clock, as he was walking along a prominent street to his home. Mr. Goodfellow died at 10 o'clock to-day, from the effects of the second shot, which perforated both of his lungs. Mr. Goodfellow leaves a wife and four children. At 10 o'clock to-day a man was arrested on suspicion, at Atlanta, but it is not believed that he is one of the murderers. The theory, this morning, is that he was shot in mistake for a prominent railroad official, whose life had been threatened, and who passed along the road but a few minutes previous, and who resembles Mr. Goodfellow very much in size and general appearance.

Chicago, Aug. 5.—A most astonishing murder and suicide occurred at 87 Polk street this afternoon. Solomon Senn, of the firm of Schillo, Kosman & Senn, iron foundries, shot the foreman of the firm, Conrad Engleman, through the head, and after snapping the pistol at his own head retired to his private office and cut his throat from ear to ear with a knife. Both men leave families, were sober and industrious and not quarrelsome. Senn was wealthy and Engleman poor. The quarrel was about a pillar which was being cast in the shop and which Senn claimed was being spoiled by

Water Works Carried by an Overwhelming Majority.

The Rip Van Winkles Routed. Horse, Foot and Dragoon.

The result of the water works election yesterday was a foregone conclusion within an hour after the polls opened, the only question being as to the dimensions of the majority in favor of the improvement. By noon it was generally conceded that the majority would exceed 1,000 but few were prepared for the astonishing majority of over 2,500. It was a clean sweep. The opposition was routed horse, foot and dragoon. Most of the anti-water works men abandoned the contest in disgust at an early stage and left the polls. All classes united together and voted for the improvement. Rich men and poor men, manufacturers, merchants, mechanics, laboring men, Germans, Irishmen, Frenchmen and Americans—everybody in fact rushed to the polls and dropped in their little ballots. "For Water Works, Yes." Every ward in the city was carried by a big majority. The largest number of anti water works votes was mustered in the fifth ward, where 185 of them were cast, and the smallest number in the third ward—the original water works ward—where only 24 of them showed up. In the seventh ward only 38 anti water works votes were cast. The largest majority—451—was given by the second ward, the smallest—160—by the sixth ward. The total vote was 3,094, a little more than three-fifths of a full vote. There were only 561 votes in the city against the improvement, the vote therefore nearly six to one in the affirmative. The people have certainly expressed their wishes on the subject as plainly and emphatically as could be desired, and it only remains for the council and board of water works trustees to proceed immediately to execute the desires of the voters of the city.

The following are the official returns:

Ward.	No.	Against.	For.	Total.
First	255	88	357	615
Second	448	83	451	534
Third	248	24	424	448
Fourth	252	78	330	582
Fifth	255	126	240	366
Sixth	206	44	250	294
Seventh	273	29	244	302
Eighth	281	32	249	321
Ninth	227	18	205	223

The funeral of Mrs. Kramer, who was found dead at her home on Spy Run avenue yesterday morning, will take place to-morrow at 9 a. m.

Sam Chaska is fitting up the building on Calhoun street formerly occupied by P. B. Davis. He will use it for a notion and fancy goods store.

A spitz dog unmistakably mad was shot and killed at the corner of Taylor street and Broadway this p. m. by a boy named McCallen. He got seven bullets.

Genevyn, Adams county, goes to the head. A married lady of that place, aged sixty-five years, gave birth to a healthy male child last week. The father is nearly seventy.

Mrs. Sarah King, mother of Mrs. H. J. Reed and Mrs. Whitmore, died at 8 o'clock last night of palsy. Funeral at ten o'clock to-morrow from the Ossian Presbyterian Church.

Rev. J. B. Robinson, who was president of the Methodist College two years ago, but now of the Grand Prairie Seminary, Osaage, Ill., is in the city visiting his old friends.

Sheriff Munson will take a couple of weeks' respite from his official labors, during which time he will rusticate at Petoskey, Mackinaw and other points of interest. He will leave to-night.

It seems there was a meeting of the Agricultural Society on Saturday, and that there was considerable business transacted, all having a bearing on the next fair, which is developing an unusual amount of enthusiasm among visitors as well as exhibitors.

Mike Kelly has a number of interesting relics from the battle field of Lookout Mountain, a present from M. Cary of Maples, who was over the ground a few weeks since. Mr. Kelly says he has a distinct recollection of the battle, being in the army corps at the time.

The county commissioners met this morning, at the auditor's office, at 10 o'clock, and after transacting some business of minor importance they adjourned to go to Cedarville to accept the bridge recently built there. They will meet again to-morrow at 10 a. m., and will sit four days to transact general business.

Charlie Nestle is alive to the fair enterprise. In fact he is a live, intelligent little gentleman who is up to the times in everything. It will be recollected that he made a very attractive and interesting exhibition last year. He informs us that he has added largely to it, and will take great pleasure in making it a feature of the exhibition this year.

W. T. Jenison informs the secretary of the Agricultural Society that if he can have suitable space in line art hall to make a full display of his sister's paintings, he will be pleased to do so at the fair next month. No doubt the space will be furnished if possible.

Mrs. Dills is a fine artist and made a very good show last year, but she was pinched for room to make the display that she doubtless will this year.

Yesterday's Richmond Palladium says: Rev. A. Marine had a few hours left him here between trains to-day, and he improved the time industriously by calling on old friends. District work and country living evidently agrees with the reverend gentleman, as he is the very picture of health, and his avowed purpose has increased considerably since taking the district. He left at 2 o'clock for Embury Camp Ground, near Dayton.

The Anthony Wayne steamer arrived to-day from Seneca Falls, N. Y., via the Wabash. The engine is now the finest looking one in the engine house, and is undoubtedly in the finest possible trim. It has been repaired and almost all the iron and the boiler has been nickle plated. It received a new ash box and an entire new set of flues and a new flue sheet, and was otherwise repaired, making practically a new engine. The cost of the repairs was \$750, the freight each way being \$100, making a total of \$950.

ROPE IN.

Me Took a Couple of Drinks and Lost his Watch.

Chas. M. Clark is out, according to his calculation, a silver watch valued at twenty dollars and about thirty dollars in cash. He was bowling up on Calhoun street and says he got rather full, when he went into Pat. Woulfe's saloon and imbibed again. By this time he was decently full, as it were. Clark alleges that there Woulfe's barkeeper, one Moore, accompanied by two other fellows, noticed him into the back yard, where they choked him and robbed him of the amount as above stated. Clark filed an affidavit against Moore in Pratt's court, but as he was alone not enough testimony could be produced to make out a case. The prisoners were accordingly discharged, although there appears to be no doubt but what they were the guilty parties, yet the testimony was not sufficient to bind them over. Mr. Woulfe at once discharged Moore.

BIRDS OF A FEATHER.

They Flocked Together at Police Court This Morning.

And Were Nicely Sat Down Upon by His Honor.

W. E. McDermut presides over the forms at the SENTINEL office. Mr. McDermut interviewed the mayor this morning. This McDermut, however, hails from the Soldiers' Home at Dayton, O. This McDermut came here to see his children, which he does frequently. He likewise got drunk, which is also a frequent occurrence. He told the mayor that he was going back to Dayton on the first train.

"My dear sir," said the mayor, "there is a happy home over the canal, but if you can manage to get out of town by 2 o'clock you can go."

"Well, I promise."

"Yes, I know you will."

Frank Hagan came up at the first call. Frank raised Cain, as it were. He went into Johnson's tonsorial parlor on Barr street and fell over chairs and things, to the great disturbance of the barber, and then, out of the fullness of his heart, offered to lick Mr. Johnson or any body else that needed licking.

The mayor suggested that \$5 would be about the thing, and Frank went over.

Theodore Johnson is not the barber above mentioned, but he is a rollicking rooster that likes to budge occasionally. He did that same yesterday, and smashed up things on Wells street, and wanted to knock the stuffing out of a man named Miller. It cost him \$3 and the balance.

John Joyce is a duck. He is a railroad man and a masher at the same time. He threatened to go last night and would have it. Patrolman Fahling gave him seven chances to go home, but the eighth chance drew the prize, and he reposed in the calaboose last night. This morning he deposited \$10 in the marshal's horny paw and called it even.

Geo. Brooks was up yesterday morning for disturbing the peace of John Bothner, next to the Washington House.

This morning, Bothner swore that he didn't believe Brooks was the man. Colerick surmised that this conclusion was arrived at after due consultation with Schwabenfritz. Schwabenfritz seemed to have a mighty interest in the case, as he with his usual ubiquitousness was all over, and tried to bulldoze the SENTINEL reporter. The case was dismissed all the same, and the question now is, how can a man swear to a fact one day and swear he was mistaken the next, when there is no legitimate reason for the change in the meantime?

THE RAILROADS.

P. S. O'Rourke went to Richmond to-day.

Passenger travel on the Pittsburgh is looking up.

The Pittsburgh is putting down a new spur track at Maples.

Robt. Learmouth and C. H. Walcott, of the Pittsburgh, are in Chicago.

James Fox sent a special train to Maples this morning after a load of wood.

An excursion train of four cars from Sturgis, Mich., went to Rome City this morning.

Eighty of the boys went west on No. 1 on the Pittsburgh to-day. They will settle in the northwest.

An immense "Farmers' Excursion" from Muncie, Winchester and Logansport will go to Rome City to-morrow.

Col. Andrews's special car, having on board Mrs. J. L. White and Mrs. H. K. Wade, returned from Petoskey on No. 2 on the Grand Rapids to-day.

No. 3 on the Pittsburgh, Fort Wayne & Chicago this morning made the run from here to Chicago in four hours and forty minutes with eleven cars.

Wabash earnings: June, 1879, \$300,431; June, 1878, \$300,572; decrease, \$141; per mile, June, 1879, \$581; June, 1878, \$588. Wabash earnings, first six months of 1879, \$1,959,259; corresponding period of 1878, \$2,187,390; decrease, \$228,131 or 10.4 percent; per mile, first six months, 1879, \$2,848; corresponding period of 1878, \$3,179; decrease, \$331.

RYAN'S RACKET.

A Lively Skirmish at a Calhoun Street Gin Mill.

This time it was Wm. Ryan. William keeps a saloon on Calhoun street. It is not supposed that William has any license; but that fact does not materially interfere with the management of a saloon in Fort Wayne. At any rate it does not interfere with William in the least. Sometimes he gets a little off, or a good bit, which is the same thing. Last night he was fixed that way, and the head of the family (Mrs. R.) was dressed in the same style. An argument arose which was very warm—in fact, it became red hot in a short time, inasmuch as Mr. R. proposed a prize fight. The fight was continued at different intervals until Wm. R. fired Mrs. Wm. R. out of the premises and joined her in a foot race down the street. The entertainment was highly enjoyed by all the spectators, and will, in all probability, be repeated shortly. In the meantime, if any one wants to take out a license, the marshals should give him an opportunity.

When M. E. Fitzgibbons hones a razor, sometimes he drops the razor and hones the handle, at any rate that was his experience this morning.

TERRIBLE RUNAWAY.

A Man and His Wife Thrown Out on Broadway This Afternoon.

Both of Them Severely Injured.

This afternoon at about 2.45, as Isaac Sink and his wife, living near Zanesville, were crossing the Pittsburgh road on Broadway in a road wagon, the horses became frightened at a locomotive, and the line breaking they ran away, running the wagon in a ditch, upsetting it and throwing both occupants out. Mrs. Sink had her left arm dislocated at the shoulder, and suffered severe bruises about the head and face. Mr. Sink also suffered a severe concussion and a number of bruises besides a severe strain upon his back. They were at once taken to the city hospital and Dr. Myers reduced the dislocation. Mr. Sink is slightly deranged from the shock. Al. Whiting, of the Wabash, is a nephew of the couple.

Scipio Township Items.

[Correspondence of the SENTINEL.] Scipio Center, Aug. 3.—The weather is extremely hot. We need a shower to soften the ground to plow for wheat.

Quarterly meeting was held at Cole's corner yesterday and to-day, Rev. A. Marine presiding. The attendance was large.

Sunday and singing school was well attended yesterday.

There is a good crop of wheat, oats and corn, and the farmers are happy. The Perkins brothers are building a new fence around the addition to the Scipio burying ground.

Jacob Stiver is unfortunate. His horse died and some thief stole his saddle and the burrs of his wagon.

The Scipio martial band escorted a delegation to Antwerp Saturday evening to hear a speech from C. Oriff.

A. Brown of Scipio, has been visiting relatives at Maples.

John Ono and Charlie Moore have returned from Kansas, and there are others coming. Mr. Snowden gazes towards the west and sighs.

SIX TO ONE.

Water Works Carried by an Overwhelming Majority.

The Rip Van Winkles Routed, Horse, Foot and Dragon.

The result of the water works election yesterday was a foregone conclusion within an hour after the polls opened, the only question being as to the dimensions of the majority in favor of the improvement. By noon it was generally conceded that the majority would exceed 1,000 but few were prepared for the astonishing majority of over 2,500. It was a clean sweep. The opposition was routed horse, foot and dragon. Most of the anti-water works men abandoned the contest in disgust at an early stage and left the polls. The all classes united together and voted for the improvement. Rich men and poor men, manufacturers, merchants, mechanics, laboring men, Germans, Irishmen, Frenchmen and Americans—everybody in fact rushed to the polls and dropped in their little ballots. "For Water Works, Yes." Every ward in the city was carried by a big majority. The largest number of anti water works votes was mustered in the fifth ward, where 135 of them were cast, and the smallest number in the third ward—the original water works ward—where only 24 of them showed up. In the seventh ward only 29 and in the second ward only 33 anti water works votes were cast. The largest majority—451—was given by the second ward, the smallest—160—by the sixth ward. The total vote was 3,094, a little more than three-fifths of a full vote. There were only 561 votes in the city against the improvement, the vote therefore nearly six to one in the affirmative. The people have certainly expressed their wishes on the subject as plainly and emphatically as could be desired, and it only remains for the council and board of water works trustees to proceed immediately to execute the desires of the voters of the city.

The following are the official returns:

Wards.	For.	Against.	Maj.	Total vote.
First.....	325	88	237	393

"Yes, I know you will."

Frank Hagan came up at the first call. Frank raised Cain, as it were. He went into Johnson's tonorial parlor on Barr street and fell over chairs and things, to the great disturbance of the barber, and then, out of the fullness of his heart, offered to lick Mr. Johnson or any body else that needed licking.

The mayor suggested that \$5 would be about the thing, and Frank went over.

Theodore Johnson is not the barber above mentioned, but he is a rolling rooster that likes to sledge occasionally. He did not take yesterday, and wanted to knock the Wells street, and a man named Miller. It cost him \$3 and the balance.

John Joyce is a duck. He is a railroad man and a masher at the same time. He threisted for gore last night and would have it. Patrolman Schwanenfriz gave him seven chances to go home, but the eighth chance drew the prize, and he reposed in the calabose last night. This morning he deposited \$10 in the marshal's horny paw and called it even.

Geo. Brooks was up yesterday morning for disturbing the peace of John Bothner, next to the Washington House. This morning, Bothner swore that he didn't believe Brooks was the man. Colerick surmised that this conclusion was arrived at after due consultation with Schwabenfriz. Schwabenfriz seemed to have a mighty interest in the case, as he with his usual ubiquitousness was all over, and tried to bulldoze the SENTINEL reporter. The case was dismissed all the same, and the question is, how can a man swear to a fact one day and swear he was mistaken the next, when there is no legitimate reason for the change in the meantime?

RYAN'S RACKET.

A Lively Skirmish at a Calhoun Street Gin Mill.

This time it was Wm. Ryan. William keeps a saloon on Calhoun street. It is not supposed that William has any license; but that fact does not materially interfere with the management of a saloon in Fort Wayne. At any rate it does not interfere with William in the least. Sometimes he gets a little off, or a good bit, which is the same thing. Last night he was fixed that way, and the head of the family (Mrs. R.) was dressed in the same style. An argument arose which was very warm—in fact, it became red hot in a short time, inasmuch as Mr. R. proposed a prize fight. The fight was continued at different intervals until Wm. R. fired Mrs. Wm. R. out of the premises and joined her in a foot race down the street. The entertainment was highly enjoyed by all the spectators, and will, in all probability, be repeated shortly. In the meantime, if any one wants to take out a license, the marshals should give him an opportunity.

When M. E. Fitzgibbons hones a razor, sometimes he drops the razor and hones the handle, at any rate that was his experience this morning.

TERRIBLE RUNAWAY.

A Man and His Wife Thrown Out on Broadway This Afternoon.

Both of Them Severely Injured.

This afternoon at about 2.45, as Isaac Sink and his wife, living near Zanesville, were crossing the Pittsburgh road on Broadway in a road wagon, the horses became frightened at a locomotive, and the line breaking they ran away, running the wagon in a ditch, upsetting it and throwing both occupants out. Mrs. Sink had her left arm dislocated at the shoulder, and suffered severe bruises about the head and face. Mr. Sink also suffered a severe concussion and a number of bruises besides a severe strain upon his back. They were at once taken to the city hospital and Dr. Myers reduced the dislocation. Mr. Sink is slightly deranged from the shock. Al. Whiting, of the Wabash, is a nephew of the couple.

Scipio Township Items.

(Correspondence of the SENTINEL.)

Scipio Center, Aug. 3.—The weather is extremely hot. We need a shower to soften the ground to plow for wheat.

Quarterly meeting was held at Cole's corner yesterday and to-day, Rev. A. Marine presiding. The attendance was large.

Sunday and singing school was well attended yesterday.

There is a good crop of wheat, oats and corn, and the farmers are happy. The Perkins brothers are building a new fence around the addition to the Scipio burying ground.

Jacob Stiver is unfortunate. His horse died and some thief stole his saddle and the burrs of his wagon.

The Scipio martial band escorted a delegation to Antwerp Saturday evening to hear a speech from C. Orff.

A. Brown of Scipio, has been visiting relatives at Maples.

John Omo and Charlie Moore have returned from Kansas, and there are others coming. Mr. Snowden gazes towards the west and sighs.

URIAL.

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.

CITY FEATURES.

Harvest Home picnic to-morrow at Rome City. Train leaves South Depot 9:00 a. m.

A Card to the Public.

On my arrival here, in order to secure without delay the public confidence, I found it necessary to publish statements from well known, reliable men of Indianapolis, Evansville, Terre Haute, Lafayette and other places—gentlemen who had been most successfully treated by me. As their names were well known in Fort Wayne it served my purpose. I was at once consulted by the very best citizens, who placed themselves under my treatment. Their names by special permission have been published, and they can be referred to as to the satisfaction given them by my treatment. Feeling assured that my reputation is now fully established, and that there is no further necessity for expensive advertising, I withdraw the columns. I desire simply to say to all who need my treatment, especially in Catarrh, Throat, Lung and Chest Diseases, Asthma and Deafness, etc., that they can still be treated by me. Having reduced expenses, my fees from to-day will be within the reach of all who want my medical services in cases specially treated by me with the utmost success, and they should call at once.
